## SPEAKERS

**Karl Fogel**
*Karl is a partner at Open Tech Strategies, LLC, helping organizations of all kinds launch and participate in open source projects. He is also the author of Producing Open Source Software: How to Run a Successful Free Software Project.*

**Jean-Baptiste Kempf**
*Jean-Baptiste is an open source developer, a multimedia specialist, and a startup founder. He's also the president of the VideoLAN.org, one of the lead developers of VLC and maintainer of numerous open source libraries.*

**Jessica McKellar**
*Jessica is the Director of Engineering at Dropbox, and featured in 2017s Forbes: 30 under 30. She's the recipient of the O'Reilly Open Source Award for her work as the Director of the Python Software Foundation and Red Hat's Women in Open Source award.*
